PORTAGE CENTER PLAZA
PORTAGE, MI

Architectural design services for a new 25,000-square-foot multi-use office and retail facility.

MARTIN'S SUPERMARKET
ST. JOSEPH, MI

Provided site design services for a 56,200-square-foot supermarket and two 6,000 square-foot out-lot buildings. The site design required 20-foot cuts in the property, a difficult-to-handle combination of clay and sandy soils and a 56,000-cubic-foot underground stormwater detention system, all on a compact four-acre site.
