## Jamie Byce Becomes LEED Accredited Professional

Benton Harbor, MI. - Wightman & Associates, Inc. (WAI) recently announced that Jamie Byce has earned Leadership in Energy & Environmental Design (LEED) AP accreditation from Green Building Certification Institute, established with the support of the U.S. Green Building Council.

Since joining the firm in 2005, Ms. Byce has served as a project engineer and has been passionate about learning green practices. She also is the firm's source for grant research and for writing applications. Jamie's wide variety of project work includes road, water system, storm sewer, and site designs. She also prepares community recreation and capital improvement plans and acts as a field inspector on projects. Byce holds certifications for Construction Site Storm Water Operator and Soil Erosion & Sedimentation Control.

Ms. Byce has a Bachelor's degree in B.S. Civil Engineering from Western Michigan University. She is currently a member of the American Society of Civil Engineers. While studying for her Civil Engineering degree, Byce worked as a Co-op for the MDOT Southwest Region Office and participated in the Western Michigan University NSF REU Program.

Ms. Byce's hometown is Port Huron and she presently resides in Paw Paw, Michigan.
