Jamie Harmon Becomes Licensed Professional Engineer

Benton Harbor, MI. - [Wightman & Associates, Inc.](#) (WAI) recently announced that Jamie Harmon has been licensed by the State of Michigan as a Professional Engineer.

Since starting with the firm in 2005, Jamie as a project engineer has specialized in a wide variety of project work including roadway, water system, storm sewer system, and site designs. She also prepares community recreation and capital improvement plans, provides grant research, and writes funding applications for her clients. Ms. Harmon earned LEED Accredited Professional in 2008 and holds certifications for Construction Site Storm Water Operator and Soil Erosion & Sedimentation Control.

Harmon has a Bachelor of Science degree in Civil Engineering from Western Michigan University. She is currently a member of the American Society of Civil Engineers. While studying for her Civil Engineering degree, Jamie worked as a Co-op for the MDOT Southwest Region Office and participated in the Western Michigan University NSF REU Program.

Ms. Harmon's hometown is Port Huron and she presently resides in Paw Paw, Michigan.

Wightman & Associates, Inc., located in Benton Harbor, Michigan provides cost-effective professional services for engineering, architecture, surveying, and construction inspection.
