## Wightman & Associates Adds Environmental Engineer to Staff.

Benton Harbor, MI. – Wightman & Associates, Inc. recently announced that Mary Deneau, E.I.T. has joined the staff at their Benton Harbor headquarters. Mary Deneau is an engineer in training and specializes in environmental, civil, and geotechnical engineering. In addition Wightman & Associates clients will benefit from her expertise in water and wastewater treatment, ground and surface water contaminant transport, site plan design and preparation, construction plan preparation, pavement and foundation design, soil analysis, field experience, operation of surveying equipment, and technical communications.

She has a B.S. in Civil Engineering, graduating with Cum Laude Honors, and a M.S. in Environmental Engineering from University of Michigan, Ann Arbor, MI. Mary recently worked as an engineer for the City of Ann Arbor, MI. and for Engineering Properties, PC in Walden, New York. Mary also worked as a field engineer for Wightman & Associates for two summers when she was an undergraduate student.

Mary is a member of the American Society of Civil Engineers and served as the Associate Editor for the Chi Epsilon Honor Society during her senior year.

Wightman & Associates, Inc. provides cost-effective professional services for engineering, architecture, surveying, and construction inspection. An employee-owned company, Wightman & Associates maintains a skilled, professional team licensed to provide services throughout the Midwest, including Michigan, Indiana, Illinois, Ohio, Kentucky, Wisconsin, and Pennsylvania. Clients include governmental bodies, private developers, industrial and commercial clients.
