Mary Deneau Becomes LEED Accredited Professional

Benton Harbor, MI. - [Wightman & Associates, Inc.](#) (WAI) recently announced that Mary Deneau, E.I.T., has earned Leadership in Energy & Environmental Design ([LEED](#)) AP accreditation from the Green Building Certification Institute, established with the support of the U.S. Green Building Council.

Mary Deneau specializes in environmental, civil, and geotechnical engineering. Wightman & Associates clients benefit from her expertise in water and wastewater treatment, ground and surface water contaminant transport, site plan design and preparation, construction plan preparation, pavement and foundation design, soil analysis, field experience, operation of surveying equipment, and technical communications.

She has a B.S. in Civil Engineering, graduating with Cum Laude Honors, and a M.S. in Environmental Engineering from the University of Michigan, Ann Arbor, MI. Mary recently worked as an engineer for the City of Ann Arbor, Michigan and for Engineering Properties, PC in Walden, New York. Mary also worked as a field engineer for Wightman & Associates for two summers when she was an undergraduate student.

Mary is a member of the American Society of Civil Engineers and served as the Associate Editor for the Chi Epsilon Honor Society during her senior year.
